

## NORMAL - DRY SKIN REGIMEN

**IN AN INSTANT** *Dual-Phase Eye Makeup Remover*

With a shake, this dual-phase formula transforms into an express eye makeup solvent that not even the most resistant, waterproof mascara can withstand.

**Method:** *Shake well to activate. Saturate cotton pad with solution, close eye and gently wipe area until bare. Repeat for other eye using fresh cotton.*

1

① **ABSOLUTE CLEAN** *Supple Lotion Cleanser*

Clean is where good skin begins. And, Absolute Clean Supple Lotion Cleanser means absolutely clean! This mineral-oil free cleanser liquefies complexion-dulling impurities instantly.

**Method:** *Gently massage 3-5 pumps of cleanser over face and throat. Rinse thoroughly.*

2

① or, **TEA WASH** *Foaming Facial Cleanser*

A cleansing special-tea rich in polyphenols, flavonoids and natural soothing compounds. Water-loving cleansers gently lift-away pollutants and makeup, and liberate skin of impurities. Imbued with a refreshing blend of white tea and thyme.

**Method:** *Massage gel into lather onto moistened face and throat. Rinse clean.*

② **CLEAR THROUGH** *Replenishing Toner*

After cleansing, replenish skin with a tender sweep of this soothing fluid. Leaves skin soft, smooth and prepped for the next step in your dry skin care routine. Alcohol-free!

**Method:** *Dampen 100% Cotton with toner and glide over face and throat.*

3

③ **INSIDE OUT** *Multi-Level Refining Complex*

This Multi-Level AHA works unimpeded refining, retexturizing and renewing the skin. Lifts the veil of lifeless skin that clouds the complexion.

**Method:** *Apply immediately after cleansing and toning. Gently massage a small amount into face and throat every A.M. and P.M., avoiding eye areas.*

4

④ **RECUPERATION** *Accelerated Repair Complex*

Contains bio-active “accelerators” to help expedite skin through the stages of repair, recovery and renewal.

**Method:** *Smooth over face and throat and gently massage into skin every A.M. and P.M. May be used safely around eyes. NOTE: To compound effectiveness, apply over Inside-Out.*

5

⑤ **ACCLIMATE** *Multi-UV Inhibitor Anti-Oxidant Lotion SPF 15*

Enter a new class of skin-preservation. This comfortably light, oil-free lotion surrounds skin with a curtain of anti-oxidants, SPF 15 sunscreens and moisturizers.

**Method:** *Distribute evenly to face and throat every day, avoiding eye areas. May be worn over Inside-Out and/or Recuperation.*

⑤ or, **ACCLIMATE** *Multi-UV Inhibitor SPF 15*

Beyond SPF/UV inhibition! Employs a patented UV inhibiting complex and a potent anti-oxidant “cocktail” to halt destructive free-radical activity in the skin. Moisturizes with biogenic Cermamides, Sodium Hvlauranate, and Shea Butter.

**Method:** *Smooth over Inside-Out and/or Recuperation every A.M., avoiding eye areas.*

**BUOYANCY** *ReOxygenating Moisture Complex or Crème*

The revolutionary formula that resuscitates and animates skin through Fluoro-Technology, creating an oxygen-rich environment for skin to thrive in.

**Method:** *Smooth a small amount over face and throat and gently massage into skin every night. May be applied over Inside-Out and/or Recuperation. For utmost benefits, alternate use nightly with Clock Wise.*

**CLOCK WISE** *Progressive Firming Complex or Lotion*

A nourishing synergy of micro-algae, amino acids and plant extracts to counteract diminishing firmness and tone caused by biological, chronological and environmental influences.

**Method:** *Gently massage a small amount into face and throat every night. May be applied over Inside-Out and/or Recuperation. For utmost benefits, alternate use nightly with Buoyancy.*

⑤ **CLOCK WISE EYES** *Triple Firming Complex*

The maintenance program for eyes. Helps to rebuild the fragile eye area through a triple-firming synergy of Milk Proteins, Vitamin A and Elastin.

**Method:** *Gently pat a small amount into eye area until absorbed.*

*A.M. Apply below eye area. P.M. Apply to entire eye area, including eyelids.*

**BOTTOM LINES** *Deep-Seated Wrinkle Minimizer for Eyes and Upper Lip*

Minimize the depth and severity of crow's feet and vertical lines of the upper lip. Unique gel matrix releases tension wrinkles and targets deep, recessed lines. Helps re-align and smooth skin's surface. Consistent use produces visible results.

**Method:** *Smooth a small amount to eye and upper lip areas, nightly.*

7

**AT HOME TREATMENTS** (Twice weekly)

**SOFT POLISH** *Exfoliating Cream*

Bring the salon-experience home! This dual-action exfoliator uses AHAs and Enzymes to polish and deep clean skin to a luminous finish. Helps unclog and decongest pores.

**Method:** *Begin with clean dry skin!*

- *Gently work a thin, even layer into face and throat, avoiding eye areas.*
- *Allow product to dry for 5 minutes (the product will "ball" or "roll" when ready for removal).*
- *When drying is complete, erase with gentle circular movements.*

**POLISH UP** *Rinse-Away Exfoliator*

Polish up your skin care routine with this hybrid exfoliator. Employs multi-faceted skin refiners that eradicate dulling surface matter and other impurities that linger on skin and obscure its clarity. Perfectly smooth, spherical beads, micron-pumice and natural Jojoba, purge impurities from pores and help give rise to a brighter, clearer complexion.

**Method:** *Once a week. Gently massage a small amount onto clean, damp face and throat in a circular pattern. Avoid eyes! Rinse with clean water.*

**JUST IN TIME** *Energizing Facial (Normal-Dry)*

Time is of the essence with this mask. Invigorates skin from the drain of daily environmental stress. Infiltrates drier skin with essential fatty acids and vital lipids. Draws impurities from the skin and yields a smooth, radiant finish.

**Method:** *After Soft Polishing treatment, smooth a liberal amount of mask over face and throat avoiding eye areas. Wait 5-7 minutes. Remove and rinse thoroughly.*
